Come make a difference

Come make a difference in Israel! Be trained as an ambulance first responder (EMS) or medic. Volunteer on ambulances throughout Israel.

As a full member of the MDA ambulance team, you will be doing eight-hour shifts together with Israeli volunteers. The bond you create with Israelis and the MDA stations will change your life!

You will gain first-aid knowledge that can make the difference between life and death. No matter where you are in the world, these life skills are a necessity.

The experience and training you receive is invaluable when applying to graduate schools in medical professions.

Marva is a unique 8 week opportunity to experience the beauty and challenges of Israel through the eyes of the IDF.

Through lectures, lessons, hikes and physical activities, participants partake in real-life training exercises and live in actual army conditions. Marva will help you strengthen your ties to Israel, whether you're a tourist or potential new immigrant. It is a group experience like no other.

Hard military-style discipline is enforced in all activities, making this experience challenging and satisfactory.
